WIA GUIDANCE LETTER #14-02 CHANGE 1

This Guidance Letter Amends WIA Guidance Letter #14-02 dated October 2, 2002 to include the *italicized* language shown below.

SUBJECT: Management of Equipment Purchased with WIA Funds

REFERENCE: P.L. 105-220, Section 195 (9)(B)(11) and 505 (b)(1) of the Workforce Investment Act of 1998; 20 CFR §652, §660 et al, WIA Final Rules dated August 11, 2000; OMB Circular A-87; 29 CFR § 97 and OMB Circular A-110.

BACKGROUND: This policy letter promulgates the property control and management requirements for the state and its Local Workforce Investment Areas (LWIAs) under the Workforce Investment Act (WIA) and its Regulations.

DEFINITIONS:

A unit of property is defined as a single piece of equipment, except in the case where more than one piece of equipment is needed to make an entire system functional such as a computer or telephone system. For example, when purchasing a computer, the monitor, keyboard, printer, and hard drive are all to be considered as a component of the total system, with the total system defined as a unit of property. After initial acquisition of such a system, any component part upon replacement shall be considered as a single unit of property for that type of transaction.

- A. **Expendable Personal Property** means all tangible personal property other than non-expendable personal property with a unit acquisition cost of **less than \$5,000 ***.
- B. **Non-expendable Personal Property** is tangible personal property having a useful life of more than two (2) years and a unit acquisition cost of **\$5,000 or more***. The LWIA may use its own definition provided that such definition includes all tangible non-expendable personal property covered under the above criteria.

***NOTE:** The cost thresholds shown here represent a revision to the thresholds used under JTPA.

The following chart describes the state's responsibilities, as well as the responsibilities of each LWIA in the acquisition, tracking, and disposal of property as required under the WIA and its regulations.

Enclosed with this letter are the state forms associated with property management that must be completed as outlined in the following chart. **Also enclosed is an attestation form that must be signed by LWIA staff responsible for WIA property management.**

ROLES AND RESPONSIBILITIES:

STATE <i>Employment Administration – WIA Section</i>	LOCAL WORKFORCE INVESTMENT AREA	
	<i>Cost Under \$5,000</i>	<i>Cost \$5,000 + Over</i>
A. ACQUISITION OF EQUIPMENT:		
1. Advise LWIAs regarding property management procedures.	a. Establish written policy and tracking for purchases of expendable personal property per contract with the WIA Section.	a. Follow WIA policies regarding non-expendable personal property management.
2. Review and approve all requests for non-expendable personal property. 3. <i>Notify WIA Section within 30 days of acquisition of LWIA non-expendable personal property.</i>	a. Purchase any needed expendable personal property with a unit acquisition cost of less than \$5,000.	Obtain prior approval of WIA Technical Unit (Systems Program Manager): a. before purchasing non-expendable personal property with a unit acquisition cost of \$5,000 or more. Prior approval will be deemed to be granted when specific items to be purchased are included in an approved Plan/Scope of Work or modification, or amendment thereto. b. before entering into a lease/purchase agreement for expendable personal property costing \$5,000 or more.
B. INVENTORY CONTROL		
3. Maintain an inventory of all non-expendable personal property (i.e., \$5,000 or more) purchased by LWIAs.	a. Maintain records of all expendable personal property purchased.	a. Complete an FES-1000A (Contractor's Equipment List) for all non-expendable personal property purchased and send to WIA Technical Unit.
	b. Maintain a property management program to keep the property in good condition.	b. When there are several components of a system, the unit acquisition cost is the cost of the total system (the sum of the components). When the unit acquisition cost is \$5,000 or more and has a useful life of more than two (2) years, all components of that system must be included in the inventory and be identified with a State tag.

Instructions for J-320
EQUIPMENT TRANSFER/SURPLUS REQUEST

- A. INSTRUCTIONS: Complete this form whenever DES-owned equipment is transferred from one cost center to another cost center or to DES Surplus for pick-up request. It is the responsibility of each office to arrange equipment transportation between cost centers.
- B. SENDER: When the form information has been completed, save it as an MS Word document. Attach the MS Word document to an e-mail. Address the e-mail to the appropriate staff receiving the equipment. Copy the e-mail to DBF Equipment Services and additional program staff as necessary. If the J-320 is a Surplus Request, copy the DES Surplus Unit staff.
- C. RECEIVER: Upon receipt of this form from the sender, confirm arrangements for receipt of the equipment. If you receive the e-mail prior to receiving the equipment, do not delete the e-mail. When the equipment is physically received, re-open the original e-mail attachment and confirm receipt of each item by checking the "Rec'd." box to the far right of each equipment item line.

Reply to the sender of the e-mail with changes (if any) and receipt confirmation. Ensure the DBF Equipment Services is sent a copy of the reply with the changes (if any). If you have any questions, please contact DBF Equipment Services at (602) 271-0597, ext. 7059.

To proceed with the completion of this form, complete the information for each item being transferred.

Place an (X) in the appropriate box that applies. Do not mix surplus and equipment transfer requests on the same form. Complete a separate form for each transaction type.

DOES THIS EQUIPMENT REQUIRE FEDERAL APPROVAL FOR DISPOSAL

☐ Yes ☐ No If yes, a copy of the letter authorizing the disposal must be faxed to (623) 907-2193 within 24 hours of submitting the J-320. We will not pick up any equipment unless this letter is received.

If this request entails the pick up of a copier, it will NOT be transported UNLESS a copy of the invoice to drain the copier is attached to the equipment at time of pick up.
